

Urology of Indiana

A PLACE TO CALL HOME

Are you ready to become part of a group that is committed to delivering patient-focused service in a compassionate atmosphere? That values your input and contributions, and provides excellent resources for growth – all while achieving quality of life desired by you and your family?

Central Indiana is a thriving metropolitan area that is home to Indianapolis surrounded by incredible suburbs. You'll discover the world class amenities of a large metro, and the accessibility and friendliness of a small town.

The region is known for fast cars and blockbuster events and has also gained acclaim for a flourishing culinary and brewing scene, thriving cultural institutions and great neighborhoods. A culturally diverse population supports an outstanding quality of life for families and individuals alike.

Due to our next phase of growth, we are seeking urologists and other specialists to join our thriving practice, including Center of Excellence facilities, regional clinics, Interventional Radiology Center, Men's Health Center and two Integrated Cancer Centers for Prostate Cancer.

Here's what you'll find:

- Thousands of patients served annually through a collaborative team of General Urologists, Urologic Subspecialists and Radiation Oncologist
- Revolutionary cancer treatment procedures, including IMRT and Robotic Prostatectomy, Cystectomy, Nephrectomy and Adrenalectomy
- Comprehensive urologic care, including Oncology, Interventional Radiology Stone Disease, Female Pelvic Reconstruction, Sexual Medicine/Andrology and several active Clinical Trial Studies
- Selected procedures: Male/Female Slings, Urethral Bulking Procedures, Penile Implant, Artificial Urinary Sphincter, Robotic Prolapse Repair, UroLift, Rezūm, Aquablation, InterStim and Axonics
- Ancillary services: Ambulatory Surgery Center, Imaging, Research Program, Lab, In-house Dispensary, Genetics and Genomics
- Interventional Radiology Center with new minimally invasive treatment options for Enlarged Prostate, Uterine Fibroids and more

Let's discuss the opportunity to become a part of a patient-focused partnership.
